#### CITIZEN

# Earning Presentation

for the Year ended March 31, 2021

### CITIZEN WATCH CO., LTD.

May 13, 2021

This presentation contains forward looking statements that are based on current expectations and assumptions.

Actual results could differ materially due to risks and uncertainties, which includes, but not limited to, currency fluctuation and competitive activity.

### **CITIZEN**

## Financial Results for FY 2020

Key Notes CITIZEN

### Full-year financial results for FY2020

- Recorded a significant sales and profit decline due to the impact of the COVID-19 pandemic.
- Recorded a net loss of 25.1 billion yen, reflecting the posting of an extraordinary loss due to the reversal of deferred tax assets and implementation of structural reform, among other factors.

### Financial Results for 4Q(Jun.-Mar.) of FY 2020

Achieved an increase in sales and a decrease in the deficit because the Machine Tools segment and the Devices and Components segment exceeded expectations.

#### FY 2021 Forecasts

- Results are expected to recover for the Machine Tools segment and the Watches segment.
- Net Sales 260.0 billion yen(YoY change: +53.3 billion yen)
   Operating profit 10.0 billion yen(YoY change: +19.5 billion yen)

#### **Dividends Forecasts**

Annual dividend per share: 14.00 yen

#### 4 Q

#### Watch sales

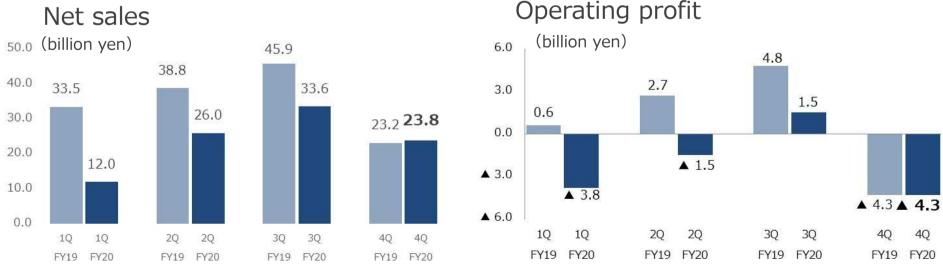

- Overseas market: Sales continued to be strong in China. Online sales growth in North America. Europe remained sluggish due to restrictions on activities and other factors.
- Domestic market: Sales of new products, among other products, remained solid despite a decline in overall consumer interest.

#### Movement sales

 Sales of mechanical movements remained firm. Analog quartz maintained the recovery trend.

### Full year

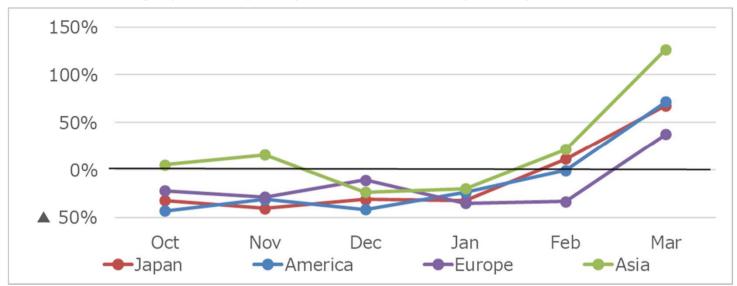

Sales of finished products decreased sharply due to a significant fall in demand in the mainstay domestic and North American markets. Implemented structural reform for the movement business.

### Watches Sales Conditions by Region

### **CITIZEN**

Rate of change year on year (on a local-currency basis)

Rate of change year on year (on a local-currency basis)

|         | 4Q   |  |
|---------|------|--|
| Japan   | +9%  | Sales were sluggish as COVID-19 started to spread again. Even so, domestic demand remained on a recovery path.   |
| America | +1%  | Sales remained at the year-ago level, helped by strong online sales  |
| Europe  | ▲20% | Faced difficulties due to the suspension of operations in many areas. Results in Italy and Spain were better than the previous year in which lockdowns were implemented.     |
| Asia    | +22% | In addition to strong online sales, real store sales were also on an upward trend in China. Other Asian regions including Hong Kong and Taiwan also showed a recovery trend. |

• The rate of change in total sales of CITIZEN brand watches and BULOVA brand watches only for North America. For other regions, the rate of change only in sales of CITIZEN brand watches.

### Machine Tools (Operating Performance)

### CITIZEN

### 4 Q

- Domestic market: Sales remained slow due to a cautious stance on capital investment. Even so, orders were on a recovery trend.
- Overseas market: Asian regions, mainly China, remained strong. Results were also on an upward trend in Europe and the Americas.

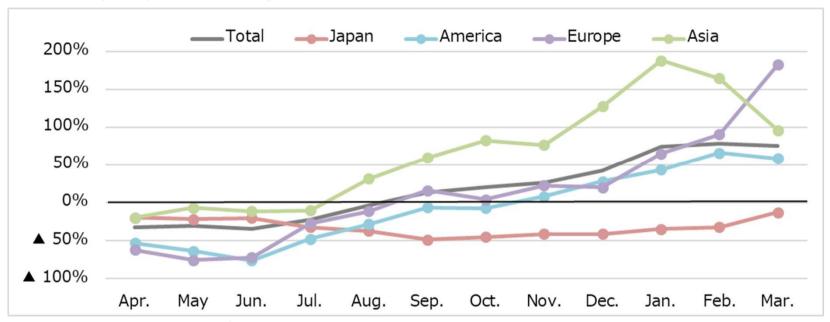

### Full year

Both net sales and operating profit decreased due to weak demand for capital investment in the first half. However, overseas markets, particularly China, recovered quickly.

## Machine tools Changes in monthly orders received (units) CITIZEN

Year-on-year percent change (three-month moving average of the numbers of units in orders received)

Year-on-year percent change (Quarterly number of units in orders received)

|                           | 4Q           |   |
|---------------------------|--------------|---|
| <ul><li>Total</li></ul>   | +76%         |   |
| <ul><li>Japan</li></ul>   | <b>▲</b> 12% | Orders were on a modest upward trend, although the recovery was slow due to a cautious stance on capital investment.                                    |
| <ul><li>America</li></ul> | +59%         | Orders, particularly those related to medical demand, recovered quickly. Orders for job shops applications also increased significantly.                |
| <ul><li>Europe</li></ul>  | +183%        | Orders from the automobile-related business increased significantly. Orders from other businesses such as machinery and equipment also remained strong. |
| <ul><li>Asia</li></ul>    | +97%         | Order were recovering, mainly reflecting the restart of equipment installation that had been postponed. China also continued to perform strongly.       |

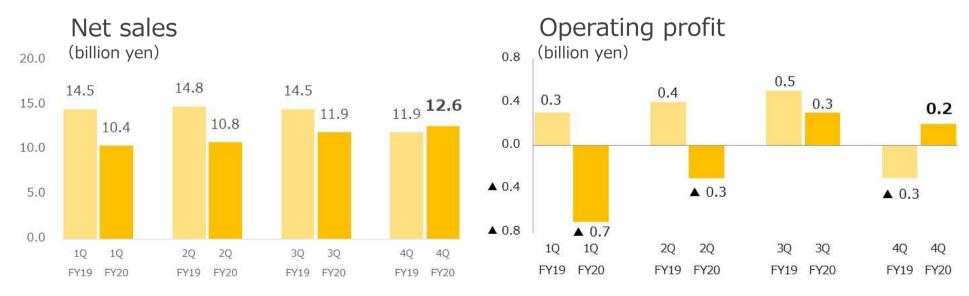

### Devices and Components (Operating Performance) CITIZEN

#### 4 Q

- Precision machining components:
   Automobile components grew, reflecting an increase in the number of new cars sold. Switches also showed a recovery trend.
- Opto-devices: LED for lighting equipment recovered in terms of orders. In-vehicle LED, among other devices, contributed to an increase in sales.

### Full year

LED for lighting equipment performed poorly although precision machining components remained firm in the second half.

| Cash flow from financial activities        | 33.3          | ▲ 15.0 | ▲ 48.4        | ▲ 18.0         |       | ▲ 7.8 6.4<br>▲ 14.3                        |       |
| Balance of cash<br>and cash<br>equivalents | 97.6          | 99.5   | +1.9          | <b>A</b> 10.0  | 2H19  | 1H20                                       | 2H20  |

- Cash flow from operating activities: Increased due to improved profitability and inventory reductions in a range of businesses centered on the Watches segment.
- Cash flow from investing activities: Increased due to sale of part of cross-share holdings and fixed asset.

### Capital expenditures/ Depreciation/ R&D expenses CITIZEN

#### Capital expenditures:

Made investments with a focus on priority and important projects regarding Watches while continuing investments as usual with respect to Machine Tools, Devices and Components, and Electronic and Other Products.

|                  | Medium-Term<br>Management Plan<br>(FY2021) | Forecast for<br>Financial Results<br>(FY2021) |
|------------------|--|---|
| Net sales        | 370.0 billion yen                          | 260.0 billion yen                             |
| Operating profit | 30.0 billion yen                           | 10.0 billion yen                              |
| ROE              | 8.0%                                       | 4.0%  |

<sup>\*</sup>ROE = Annual net profit/Net worth

- Market conditions changed significantly compared with those assumed in the Medium-Term Management Plan 2021. In particular, the market environment deteriorated for the Watches segment.
  - Global reductions in operations at physical stores, coupled with store closings
  - Disappearance of demand for inbound tourism in Japan
- The market environment of the Watches segment is improving gradually in fiscal 2021. Even so, with the impact of the COVID-19 pandemic expected to continue, net sales, operating profit and ROE set forth in the Medium-Term Management Plan will fall short of the targets.

### Initiatives in Watches Segment

### **CITIZEN**

#### Strengthening of EC sales

- America: The ratio of online sales rose and direct online sales expanded.
- Japan: Launched direct online sales, the AI-based watch recommendation service and the FTS service.
- China: Sales increased year on year due to strengthened product lines for main online sales seasons. Cross-border online sales remained solid as well.

#### Rebuilding of the movements business

- Optimized the production scale due to a fall in demand for analog quartz movements.
- Cut the cost of mechanical movements by facilitating the rationalization and automation of production

#### Enhancement of the business of mechanic

- Developed a new mechanical Caliber 0200 movement by leveraging the technology of Switzerland-based La Joux-Perret.
- Worked on a global launch of the CITIZEN watch equipped with the new mechanical Caliber 0200 movement.
- Worked on a global launch of Series 8, a new mechanical watch brand.

### Initiatives in Machine Tools Segment

#### Online-based initiatives

- Held online-based private exhibitions and showed new products, processing technologies, etc.
- Provided online-based operation monitoring system and programming training.

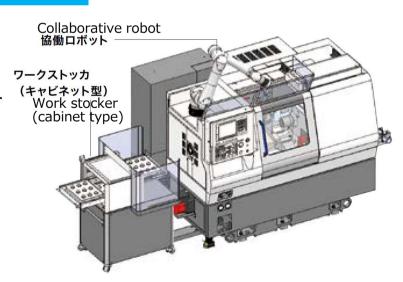

### Strengthening of production capacity in China

Working on the relocation and expansion of the existing factory in China in 2021  $_{\hbox{\scriptsize A1}}$ summer in response to higher demand in the Chinese market.

### Further automation and labor-saving in products

- Developed products in which a collaborative robot (FA-friendly) system is adopted.
- Developed an original automatic tool changer (ATC) with the capability to handle complicated processing quickly and efficiently.

(Received the Machinery Industrial Design Award (IDEA) of the Nikkan Kogyo Shimbun)

A1 TA: 「新工場に移転」について、既存の工場が現状よりも大規模な形で移転するという解釈であっているかご確認ください。「生産力増強」についてはタイトルにほぼ同じ内容があるため、繰り返しにならないよう省いています。

- ① Decline in inventories, mainly those in the Watches and Machine Tools segments
- ② Increase in interest-bearing debt due to long-term borrowings
